

SPECIFICATION

PLUMEN 002
LOW ENERGY LIGHT BULB

ORIGINAL

The Plumen 002 uses a unique bulb design to bring style and warmth to any space. At first glance the form is minimal, but on further inspection the sweeping shape reveals light gradations that are essential to the subtle glow it produces. Created as an efficient and cost effective alternative to Squirrel Cage filament bulbs, it's perfect for any space where you might otherwise use an incandescent bulb.
